

LAID 200 REDS CHICAGO THREE YEAR RADS

Is Start Of Drive On Radicals By State Attorney—Palmer Severely Criticized Because Federal Agents Take No Part

[Republican A. P. Leased Wire]
CHICAGO, Jan. 1.—Raiding resulting in the arrest of 200 or more Industrial Workers of the World, communists and other radicals were carried out today under the direction of State Attorney Hoyne, who tonight in a statement attacked Attorney General Palmer for the failure of the department of justice agents to cooperate. Agents of the military intelligence branch of the central department of the army aided the prosecutor.

Mr. Hoyne said the raids had been timed for Jan. 1, New Year's day. He said he had recently gone to Washington to confer with government officials. At noon today, after receipt of a personal letter from Attorney General Palmer, asking him not to proceed with the plan, federal department of justice agents withdrew, Mr. Hoyne said.

"Apparently Attorney General Palmer and some of his friends are playing petty politics with the situation and are pursuing a 'pussy-foot' policy," said Mr. Hoyne's statement. "Expressing my opinion as a citizen and a democrat, I do not believe Nero or any other fiddler can be elected president of the United States."

Edward G. Bremer, chief of the bureau of investigation of the department of justice, refused comment on the absence of his men in the raids.

Reds Plot Government's Overthrow
The prosecutor asserted that daily in Chicago members of radical organizations attended meetings urging their hearers to "await the one big day," and that their purpose was nothing less than overthrow of the government. Mr. Hoyne declared that the I. W. W., the communists party and the communist labor party members and anarchists and syndicalists were distributing tons of seditious literature. He said today's raids were only the beginning of his drive, which he declared was intended to exterminate all radicals from Cook county. His investigation, he said, had disclosed that the leading agitators in "this criminal conspiracy" centered their activities in Chicago, New York, Boston, Cleveland, Detroit and San Francisco.

Mr. Hoyne declared his men had been armed with 200 search warrants and that in addition a number of warrants charging conspiracy had been issued by Judge Hugo Lane of the criminal court. Four men were arrested on the latter warrants today. Among them was George Andreychich, an I. W. W. released on bond some time ago from Leavenworth penitentiary pending decision in the appeal of 92 I. W. W. convicted of violation of the espionage law.

Anne Grovinsky, 34, was the only woman arrested. She and 27 men were taken from I. W. W. headquarters. James Crowley, secretary of the I. W. W., also was taken.

Soviet School Raided
Among the places raided was the Russian soviet school. This was declared by the raiders to be under the direction of Ludwig Marx, Russian soviet ambassador to the United States, who has headquarters in New York.

Only one man among those arrested were insignia of war service. He was released when it was learned he had been found wandering on the street and taken into a meeting place of radicals.

Several men alleged by the state's attorney to have been active among agitators at Gary, Ind., in connection with the steel strike, were arrested. A half dozen women were taken in later raids today when it was learned that Mrs. B. Dobrow and the Misses Vera and L. Dobrow, who the state's attorney charged were brought from Russia to work among women.

Assistant State Attorney Henry A. Berger asserted, it had been learned, that Russian radicals reach this country by way of Sweden and Mexico. He declared they obtained passports through the Swedish consul at Mexico City to the United States.

Among 183 individuals for whom warrants were issued were William D. "Big Bill" Haywood, the general secretary of the I. W. W., who was convicted before Judge Landis in the I. W. W. trial, and many others of the original 100 I. W. W. who were indicted. Haywood, however, was not found, although a number of those convicted with him were arrested.

ENTERTAIN PERSHING
ONE YEAR'S DAY
[Republican A. P. Leased Wire]
LINCOLN, Neb., Jan. 1.—The last of the semi-public functions for General John J. Pershing during his ten-day visit in Lincoln was a New Year's reception this afternoon by the local woman's relief corps. There were no formal addresses, but General Pershing thanked the women for the two ambulances sent to France through their initiative. He said they proved of service, and he spoke in appreciation of the loyalty and devotion of the relief corps members during the war.

Death Penalty May Be Sought For Highwayman

[Republican A. P. Leased Wire]
WICHITA FALLS, Texas, Jan. 1.—District Attorney Fletcher announced today that the death penalty would be sought in the trial of Jack Welford and "Blackie" Harris, alleged highwaymen, arrested yesterday following the attempted robbery of a store at Waggoner City, the oil town 14 miles northwest of this city. More than 30 cases of highway robbery have been reported in the oil regions of this country during the past four weeks.

ROADS MUST SPEND THREE BILLIONS IN GETTING EQUIPMENT

[Republican A. P. Leased Wire]
ST. PAUL, Minn., Jan. 1.—Three billion dollars must be spent by the owners of \$20,000,000 of railroad property in the next few years to provide first-class passenger and freight facilities, was a declaration made today by Howard Elliott, president of the Northern Pacific railroad, who came from New York for conference with prominent railroad officials.

"Difficult and serious as is the plight of the railroads, and of the owners of \$20,000,000 of railroad property, it is not more serious than the condition facing the country," said Mr. Elliott.

"Transportation facilities must be made available not only for the present volume of business, but for the increases that a progressive nation like the United States needs each year."

"The government took control, only 100,000 new freight cars have been bought, so that the end of 1919 there probably are not more than 3,400,000 freight cars in the country—slightly more than in 1915. It is estimated that probably 3,000,000 more should be spent for cars, engines and shop facilities by American railroads within the next few years if the country's transportation needs are to be met."

Mr. Elliott left for Chicago tonight. He did not make any announcement regarding reports circulated in railroad quarters here that the leaders of the country were planning to make important statements regarding freight passenger service when private railroads are restored.

He said today's raids were only the beginning of his drive, which he declared was intended to exterminate all radicals from Cook county. His investigation, he said, had disclosed that the leading agitators in "this criminal conspiracy" centered their activities in Chicago, New York, Boston, Cleveland, Detroit and San Francisco.

Mr. Hoyne declared his men had been armed with 200 search warrants and that in addition a number of warrants charging conspiracy had been issued by Judge Hugo Lane of the criminal court. Four men were arrested on the latter warrants today. Among them was George Andreychich, an I. W. W. released on bond some time ago from Leavenworth penitentiary pending decision in the appeal of 92 I. W. W. convicted of violation of the espionage law.

Anne Grovinsky, 34, was the only woman arrested. She and 27 men were taken from I. W. W. headquarters. James Crowley, secretary of the I. W. W., also was taken.

Soviet School Raided
Among the places raided was the Russian soviet school. This was declared by the raiders to be under the direction of Ludwig Marx, Russian soviet ambassador to the United States, who has headquarters in New York.

Only one man among those arrested were insignia of war service. He was released when it was learned he had been found wandering on the street and taken into a meeting place of radicals.

Several men alleged by the state's attorney to have been active among agitators at Gary, Ind., in connection with the steel strike, were arrested. A half dozen women were taken in later raids today when it was learned that Mrs. B. Dobrow and the Misses Vera and L. Dobrow, who the state's attorney charged were brought from Russia to work among women.

Assistant State Attorney Henry A. Berger asserted, it had been learned, that Russian radicals reach this country by way of Sweden and Mexico. He declared they obtained passports through the Swedish consul at Mexico City to the United States.

Among 183 individuals for whom warrants were issued were William D. "Big Bill" Haywood, the general secretary of the I. W. W., who was convicted before Judge Landis in the I. W. W. trial, and many others of the original 100 I. W. W. who were indicted. Haywood, however, was not found, although a number of those convicted with him were arrested.

ENTERTAIN PERSHING
ONE YEAR'S DAY
[Republican A. P. Leased Wire]
LINCOLN, Neb., Jan. 1.—The last of the semi-public functions for General John J. Pershing during his ten-day visit in Lincoln was a New Year's reception this afternoon by the local woman's relief corps. There were no formal addresses, but General Pershing thanked the women for the two ambulances sent to France through their initiative. He said they proved of service, and he spoke in appreciation of the loyalty and devotion of the relief corps members during the war.

General Pershing was a guest of honor at an "old-fashioned Missouri" New Year's dinner given the general and his staff by Governor and Mrs. McKelvie at their home. Covers were laid for twelve guests.

HEAD OF CRASH OF MOTOR CARS INJURES SEVEN

Marmon Car Driven By
Harry A. Diehl Collides
With Heavily Loaded
Union Auto Stage On
Tempe Road

Crashing head-on off the mile this side of the Tempe bridge at 1:30 o'clock yesterday afternoon a new Marmon car, owned and driven by Harry A. Diehl of this city, and a crowded stage owned by the Union Auto Stage company, came together in a smash that caused serious injury to two and slight injuries to five others.

The most seriously injured is Robert Lee Young of Chandler, who sustained severe bruises and cuts on the head and neck. He was taken to St. Joseph's hospital, where Dr. Charles W. St. John reported his condition as serious, but with a chance for recovery.

Fred H. Ensign, president of the New State Electric Supply and Picture company of this city, received a severe scalp wound. He was treated by Dr. Louis Dysart and taken to his home, 1223 North Second street.

The accident was said by witnesses to have been caused by unavoidable circumstances, a frightened horse on the highway causing a sudden stop and the stage being in traffic at a time when travel was heavy.

Horse Causes Halt
In the Marmon car, besides Mr. Diehl, were Mr. and Mrs. Fred H. Ensign and their children, Bessie and Herbert, daughter of S. H. Mitchell, general manager of the Phoenix Street Railway company, and the small son of a recently arrived family by the name of Reid. Following the Diehl car was a car driven by Mr. Mitchell and occupied by others of the Mitchell family. The two car parties were en route for a picnic on the desert and were driving slowly, about 15 miles an hour. Mr. Diehl says, two other cars cut in between his car and the Mitchell car behind and later cut in ahead of it.

While driving slowly, about 15 miles an hour, Mr. Diehl says, two other cars cut in between his car and the Mitchell car behind and later cut in ahead of it. Mr. Diehl stated, was a Cadillac occupied by Frank Vialit and family.

While too close to the Vialit car for entire safety, Mr. Diehl said last night, but before he had time to drop further back a frightened horse some distance in front caused a sudden stop of the car ahead of the Vialit car, causing the Vialit car to come to a sudden halt.

Meets Stage Head-On
Compelled either to turn to the left or to crash into the Vialit car, Mr. Diehl chose the latter, and turned into a heavy Union Auto stage coming from Tempe. Both cars were severely damaged.

Ernest Roberts, driver of the auto stage, was cut about the head and was treated by Dr. Dysart. He also sustained a sprained shoulder. There were 12 persons in the auto stage, nearly all of whom received injuries more or less severe. One man, whose name was not learned, was thrown through the windshield. He was cut about the neck. A Texas girl was cut on the hand. An Indian received a dislocation of the thumb. Another white man was slightly injured. All were able to go to their homes.

There is disagreement as to the speed at which the auto stage was traveling. Witnesses state that it was going at not more than 25 miles an hour, while R. L. Young stated that he noticed the stage was going faster before the accident and that it registered considerably more than that. The occupants of the Vialit car, Mr. Diehl stated, rendered all the assistance possible.

CHANGED BOUNDARIES
HAVE LITTLE EFFECT
ON TRUE GEOGRAPHY

[Republican A. P. Leased Wire]
ST. LOUIS, Jan. 1.—The teaching of geography in the schools will not be revolutionized nor materially changed by the shifting boundary lines of European countries resulting from the world war and the formation of new nations, in the opinion of Dr. Mendel E. Brantom of Harris Teachers' college, St. Louis, speaking today before the American Association of Geographers at the convention of the American Association of the Advancement of Science.

"It is entirely erroneous for the people to believe that geography will be greatly changed by the war," said Professor Brantom. "The principles of geography will remain the same, regardless of the change in boundaries. The people of the sandy plains will go right along raising beets, the same as before the war. The climates will not change. The people will be the same and they will speak the same languages. A few arbitrary boundary lines will be rearranged, but that will not affect the study of peoples, resources and customs. We now think in regions rather than in political boundaries and the new alignment will apply only to descriptive geography and not to physical geography."

The speaker said that originally the "single method" was used in teaching geography such as "from Calais to Dover is 23 miles over." This he said was succeeded by the descriptive method by which boundaries of countries was considered the important part of the lesson. This in turn, he claimed, has been succeeded by the interpretive style of teaching.

The surprising speed in which islands form in rivers when obstructions deflect the current in the channels was discussed by scientists at a joint session of the Ecological Society of America and the Botanical Society of America.

The surface area of the island now stands high enough to require a 47-foot stage of the river to inundate it and is covered with a very fine growth of cottonwood trees, Professor Shull said.

INDIAN WOMAN'S BODY FOUND BY RAILROAD TRACK

PRESCOTT, Ariz., Jan. 1.—The body of an unidentified Indian woman, with skull crushed, was found beside a Santa Fe Prescott and Phoenix railroad crossing near here late last night. Santa Fe officials said last night that the body of the woman was found in eight hours of the body of the woman was found theory was being investigated.

SOVIET RUSSIA AND ESTONIA DECLARE TRUCE

[Republican A. P. Leased Wire]
DORPAT, Wednesday, Dec. 31.—The first step toward peace between Estonia and Soviet Russia was taken tonight by the signing of a preliminary armistice, which is to exist for one week, stipulating an immediate cessation of hostilities and covering questions concerning Estonian independence and military guarantees with regard to the frontiers.

The signing of the agreement, which was to be terminated on 24 hours notice by either side, is to become effective January 3. Unless action is taken to terminate it, the agreement automatically renews itself after seven days.

The agreement consists of five documents and includes a map defining the frontiers. An interesting clause absolves Estonia from all obligations to Russia resulting from former connections with that country.

The signing of the agreement, which has been set for one o'clock in the afternoon but it was not until nearly eight o'clock in the evening that the conferees succeeded in adjusting all the details of the truce, which is to be a free determination of their nationality, even to the complete session from the state to which they belong.

Russia, recognizing that respect for the independence of the Estonian state and freely abdicates for all time the sovereign rights which belonged to Russia with respect to Estonia's land and people in addition to former state orders, as well as those rights given under international treaties. Estonian and people shall have no obligations whatever with respect to Russia, because of the former connection of Estonia with Russia.

The agreement stipulates that during the cessation of hostilities the respective armies shall remain on the territory held by each and that the land between them shall be considered a neutral zone.

The frontier is fixed at 10 kilometers eastward of Lake Peipus, crossing Lake Peipus and Lake Peikow, and running thence southward to the coast of Isoborsk. The present Estonian military line is left approximately in tact. The frontier settlements are regarded as an important Estonian victory.

LONDON, Friday, January 2.—Representatives of all the Baltic states who will meet at Helsinki soon will request an armistice with the Russian soviet government on the same basis as that agreed to between Estonia and the bolsheviks, according to the Herald, organ for union labor.

ONE WOUNDED AT JUAREZ

JUAREZ, Mex., Jan. 1.—The new year was ushered in today with only one casualty. Elena Herrera was wounded in the arm by a bullet that crashed through a window of her bedroom while she was asleep. There were no accidents reported in El Paso, opposite here.

RELEASED ON BAIL

[Republican A. P. Leased Wire]
DALLAS, Texas, Jan. 1.—Mrs. Ida Ott, under indictment for the murder of her husband, Andrew L. Ott, on December 23, was released today on bail by Judge O. A. Pippen, after a habeas corpus proceeding in district court today.

CHARGE OPERATORS IN INCONSISTENCY IN THEIR ATTITUDE

[Republican A. P. Leased Wire]
INDIANAPOLIS, Ind., Jan. 1.—Bitter charges were leveled today against the coal operators by the president of the United Mine Workers of America.

Calling attention to the operators' statements that they had not been consulted about the agreement entered into between Attorney General Palmer and officials of the mine workers to have the miners return to work pending investigation of the coal situation by the president's commission, Mr. Green quoted from a stenographic report of the last joint conference of J. Stuart Brown, was admitted by the operators offered and voted for a resolution favoring appointment of a tribunal to settle the differences between employers and operators.

The resolution referred to by Mr. Green said, was offered by Phil H. Penna of Terre Haute, Ind., spokesman for the operators throughout the joint conference, and proposed a body having an equal number of representatives of the miners, operators and the public. All the operators present, Mr. Green said, voted for the proposal, but the miners voted against it and rejected it.

REGISTERING OF 14TH CENSUS IN COUNTRY TODAY

85,000 Enumerators Will Be
Employed Throughout
Nation—Will Bring Statistics On Every Detail—
Work Starts In Phoenix

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 1.—An army of 85,000 enumerators will begin at 9 o'clock tomorrow to count the men, women and children of the United States and to collect certain information about the resources of the country. The taking of the fourteenth census is expected to require about two weeks, but figures showing the total population probably will not be available until the end of April.

Workers will tally forth with an especially prepared portfolio and a commission signed by Sam L. Rogers, chief of the bureau. The count is expected to show a population of from 107,000,000 to 112,000,000, as compared with 92,000,000 in 1910. The estimated population on July 1, 1919, was 106,871,284.

Cards will be collected by 372 supervisors and forwarded to headquarters here, where 4,000 tabulating clerks will work. Totals for each of the items on the cards will be computed by specially designed machines. Officials expect to be able to make a preliminary estimate of the population of the larger cities in March, but returns for the country districts will not be completed until later.

High prices failed to cut down consumption, however, and the commission estimated that in 1919, 14 per cent more news print was used than in 1918.

During the fourth quarter of 1919, particularly, news print consumption was running up and the commission said the increase then over the similar period in 1918 would be between 25 and 30 per cent. December figures have not yet been tabulated. In November, 1919, the 727 publishers reporting to the commission used 161,692 tons of news print, valued at \$125,874 tons in November, 1918.

The first census, taken in 1790 during the administration of George Washington showed the population of the new republic to be 3,906,990.

In Phoenix, too
As in other parts of the country, the taking of the fourteenth decennial census will begin in Phoenix and all Arizona this morning. In this district, one of two in the state, embracing the almost unpopulated portions of the counties, the work will be directed by Sam Bradner, with headquarters in the city.

Preparations for the taking of the census here are complete, according to the latest reports issued. In the entire state, 135 enumerators will be employed, a number of them in Phoenix. The taking of the census in the city itself will end in two weeks, but in the country it will not be a full month. In the almost uninhabited portions of the state in the north the enumerators will be hard pressed to finish even in that time.

TO EXAMINE FRIEND OF ORDERED MAN MT. CLEMENS MURDER

[Republican A. P. Leased Wire]
MOUNT CLEMENS, Mich., Jan. 1.—Floyd Prevost, a former close friend of J. Stuart Brown, was admitted today to custody for examination today in connection with Brown's death on December 23.

When brought to the county jail, Prevost refused to answer questions by the officers, standing on his constitutional rights as he had in refusing to testify at the coroner's inquest earlier in the week.

Neither would he discuss the case when confronted by Mrs. Cecil Vester, who yesterday told the authorities a story incriminating Prevost and Mrs. Ruth Brown, as young widow.

Prosecutor Lynn Johnston tonight declined to say whether he would ask a warrant for Prevost. Such action would be taken, however, he stated, if habeas corpus proceedings were instituted.

Beyond accusing Prevost of complicity in the killing of Brown, whose bullet-riddled body was found in his automobile on a country road near here, Mrs. Vester added nothing to her version of the tragedy today. So far she is the only person directly charged with Brown's death. Officials are quoted as saying they believe she was not responsible, but has knowledge that will aid them in clearing up the mystery. Mrs. Vester's hearing has been set for Saturday.

CAPITOL GREETED THE NEW YEAR CALMLY

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 1.—New Year's day was observed so quietly in Washington today that it was much like an ordinary Sunday. There were no public receptions and church services were not different from those in hundreds of American cities.

Court Order To Check Operation Of Fixed Prices

[Republican A. P. Leased Wire]
TOPEKA, Kan., Jan. 1.—The federal district court here today, Judge Pollock, granted a restraining order against putting into operation prices fixed on groceries and meats by the local fair price committee. An injunction proceeding was instituted by a committee representing local grocers, charging that the federal act under which the committee acts is unconstitutional and confiscatory. The prices were to become operative tomorrow.

NEWS PRINT PAPER CONSUMPTION GAINS NEW HIGHEST LEVEL

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 1.—Consumption of news print paper in the United States during the last three months reached a record-breaking point along with prices, the federal trade commission reported in a summary today.

The average cost of news print at mills at the beginning of December was \$3.90 a hundred, the commission reported as against \$3.75 a year ago. In 1916 the price was \$1.88, the lowest in several years.

High prices failed to cut down consumption, however, and the commission estimated that in 1919, 14 per cent more news print was used than in 1918.

ONE KILLED, THREE HURT, IN ACCIDENT

[Republican A. P. Leased Wire]
TUCSON, Ariz., Jan. 1.—Joe A. Paccard of Jackson, Tenn., former serviceman and vocational student at the University of Arizona here, was instantly killed and three other students were injured when an automobile in which they were returning from Nogales to Tucson was overturned and wrecked on the Tucson-Nogales highway this afternoon. The three injured men are Howard S. Russell of Marshall, Va.; W. A. Dodson of Culpeper, Va.; and C. A. Latham of Caledonia, Minn.

E. M. Cruse of Dorchester, N. Y., the fifth member of the party, escaped unhurt, and only Russell of the injured students was seriously hurt. He is in hospital at Nogales. The rear wheels of the car skidded at a sharp curve in the road and the front wheels were driven into the embankment.

The students are remaining in Nogales pending the coroner's inquest.

MIDDY SHOT BY ACCIDENT

[Republican A. P. Leased Wire]
ANNAPOLIS, Md., Jan. 1.—Midshipman Carroll Joy of Keokuk, Iowa, a member of the second class at the naval academy died today from the effects of a bullet wound accidentally inflicted by M. G. Thompson, a classmate, while target shooting in the woods near here last Tuesday. A third midshipman was in the party.

Thompson had fired at the target and while attempting to adjust the safety catch of his revolver the weapon was discharged.

ASK CANDIDATES FOR OPINIONS ON NATIONS LEAGUE

Republican Senators Want
Party's Aspirants To Tell
Their Attitude On
Entangling Alliances Before
Election

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 1.—Intention of republican senators opposed to the league of nations to request all republican presidential candidates to place themselves on record as to the issue involved in the league was disclosed tonight by Senator Borah, republican, Idaho, who made public a letter addressed to Cleveland, Lowndes of Illinois, an aspirant for the republican nomination.

Governor Lowndes was asked to say whether he favored "any policy" or to "abandon our traditional foreign policy and enter into understandings and combinations which would embroil us in all European conflicts and turmoil."

"Those for whom I speak," Senator Borah said, "have no intention of continuing these and similar questions to yourself."

ASK CANDIDATES FOR OPINIONS ON NATIONS LEAGUE

Republican Senators Want
Party's Aspirants To Tell
Their Attitude On
Entangling Alliances Before
Election

[Republican A. P. Leased Wire]
WASHINGTON, Jan. 1.—Intention of republican senators opposed to the league of nations to request all republican presidential candidates to place themselves on record as to the issue involved in the league was disclosed tonight by Senator Borah, republican, Idaho, who made public a letter addressed to Cleveland, Lowndes of Illinois, an aspirant for the republican nomination.

Governor Lowndes was asked to say whether he favored "any policy" or to "abandon our traditional foreign policy and enter into understandings and combinations which would embroil us in all European conflicts and turmoil."

"Those for whom I speak," Senator Borah said, "have no intention of continuing these and similar questions to yourself."

Declaring that the question and the policies involved must come before the next administration, regardless of whether the republicans or democrats are elected, the Idaho senator said the personal views of presidential candidates should be stated.

Not An Alliance in 150 Years
"For nearly 150 years," said the senator's letter, "we have, in this country, regardless of parties, adhered to a distinct foreign policy—no entangling alliances or partnership with foreign powers and no interference by foreign powers in American affairs. If you should be nominated and elected president, would you exert your influence and the influence of your administration to maintain this foreign policy, or would you consent in any way to its abandonment or its substantial modification?"

Senator Borah charged in his letter that powerful European and American interests were cooperating to draw the United States into European affairs through the league of nations if possible, and if not, "by secret and tacit agreements."

Up to Next Administration
"I ask these questions because, regardless of what may or may not be in the platform of the next administration will have to meet this issue in different ways. Powerful forces in this country cooperating with equally powerful and persistent forces in Europe are determined to draw the United States into association and partnership with European powers, to embroil us in all European turmoil and conflicts, to utilize our young men in policing the territories and fighting the racial and dynastic battles of the old world and placing upon our taxpayers the burden of the financial and economic life of both Europe and Asia, and these forces will continue their effort to bring about these things after the election. If they can not do it in one way they will do it in another. If they can not succeed by open agreement, they will endeavor to succeed by secret or tacit agreements. We, many of us, feel, therefore, that we would like to know what your views are upon this problem and what it will be your purpose to do should you be honored by an election as president."

Denounces Russian Affair
Senator Borah said American operations in Russia were in violation of the constitution and against the wishes of the American people, but in furtherance of a secret agreement made in Versailles.

"This is but an intimation," Mr. Borah continued, "of what is to happen should we conclude to abandon our traditional foreign policy and enter into understandings and combinations which would embroil us in all European conflicts and turmoil. Our young men would be asked to sacrifice their lives in just such secret and unconscionable affairs as this in Russia."
